

CLUB DE RECREIO

NOTICE

TEMPORARY KITCHEN CLOSURE FOR SAFETY UPGRADE

Dear Members,

To ensure the continued safety and compliance of our kitchen operations, we will be undertaking a critical upgrade to the Vent Wash Exhaust Hood System — a vital component that safeguards air quality, prevents fire hazards, and meets statutory health regulations.

As part of this essential project, the kitchen will be temporarily closed for full system installation on Monday, 1st December and Tuesday, 2nd December 2025. During this period, all hot food preparation will be suspended, in strict adherence to safety standards.

To minimize disruption, we will offer a limited service with the following options available:

Sandwiches, Instant noodles, coffee, tea, and soft drinks

À la carte meals, set menus, and other hot dishes will not be available on these two days.

This upgrade is long overdue and necessary to maintain the high standards of safety and service you expect from Club de Recreio. We sincerely appreciate your understanding and cooperation as we make these improvements for the benefit of all members and staff.

Thank you for your continued trust in us. Should you have any questions, please contact the Club Management Office.

Yours faithfully,

Club Management Office
